

Terms and Conditions of Hire

The indemnity granted to the supplier under their Public Liability policy will not apply in connection with the legal liability for claims arising out of injury to persons, or damage to property, where these terms and conditions are not observed.

I the above named and the Undersigned hereby agree to the following terms and conditions of this contract for the duration of the hire period states above.

I understand the following: - (general Instructions for inflatable's but may also apply to other equipment).

1. **King Bounce-Alot are not responsible for any injury or damage incurred by persons or property during the hire period.**
2. I am responsible for any loss or damage to the above equipment and I am to ensure it is collected in the same condition as it was delivered.
3. I may be charged for loss of revenue if the equipment is returned unfit for hire or cannot be returned at the specified collection time.
4. The supplier should determine the minimum number of attendants needed to operate the device safely; you should ensure that at least this number is on duty when the device is in operation. A minimum number of attendants needed to operate the device safely is _____.
5. **Alcohol** - It is required that the supervisor allow that no person under the influence of Alcohol be allowed to use the equipment at any time.
6. **Suppliers Responsibility** - If you have any reason to believe that the equipment has not been supplied in accordance with the below summary of **HSE PM 76**, do not sign these terms and conditions until you are satisfied the equipment is safe for use.
7. **Weather** - The above equipment has been designed for use indoor (e.g., **Village Hall, Atrium, Office Buildings**) / outdoor conditions. However when wet the equipment
8. may become slippery and therefore increase the possibility of injury to the users. In such cases the equipment should not be used. Where there are high winds the equipment should be deflated.
9. Responsibility for loss / damage The principle hirer accepts full and complete responsibility for all loss and damage to the above stated equipment whilst it is under their custody and control.
10. **HSE PM 76** - The equipment as stated above should be erected, operated, supervised and used in accordance with the Guidelines as set out in **HSE PM 76**, a summary of the relevant sections of which are attached as part of these Terms and Conditions of Hire.
11. The undersigned person who is over 18 years of age agrees as principle hirer of the above equipment to enforce the above terms and conditions.
12. The above terms and conditions to prevail over all others implied or written, at all times.

Booking Terms and Conditions

A minimum deposit of 50% of the total hire price is required at the time of booking with the remaining balance to be paid no later than 7 days before the event. Payments can be made by bacs transfer (bank details can be found on our website kingboucealot.co.uk under the "our services section") or alternately payments can be made by credit or debit cards over the phone.

Cancellations: In the case of cancellations all deposits or payments in full are fully transferrable up to 7 days prior to the event (subject to availability on any new date) but not refundable. Any cancellations made within 7 days before the event are not transferrable or refundable as this equipment has been reserved solely for the client and is impossible to rehire at this late stage. With regards to cancellations due to the weather we would like to make the client aware that if an event is cancelled for this reason it is still subject to the same cancellation policy as above. This is because many of our clients and potential clients have indoor options and facilities available for their event to go ahead under any weather conditions or circumstances and king bouncealot cannot be held responsible for any losses due to the weather.

Risk Assessment Section

I should make all users aware of these instructions.

Problems or faults must be reported to King Bounce-Alot. Under no circumstance should repairs be attempted. Children's equipment is not safe and is not designed to be used by adults.

Adult supervision must be kept at all times when the equipment is in use. Any pegs and ropes must stay in place and must be replaced if any do become loose.

The equipment should never be moved to another location. Rain cover ropes untie from the bottom. Any blowers should remain **ON** at all times and should not be switched off for fun. Doing this can result in motor burnout, damaged equipment and unsafe equipment. The only time equipment should be turned off is if strong winds pose a danger.

If rain occurs the power connections should be covered and the power should remain **ON**. Towels may be used to wipe excess water off after a shower.

Steps should be taken to prevent mud entering the equipment (see Note 3). The equipment should **NEVER** rub or chaff on **ANY** object.

Wall rushing, roiling the equipment, somersaults or climbing walls are not allowed. Food, drinks, shoes, and any sharp objects are not allowed. Scarves and necklaces should not be worn. No one should be allowed to play with/ around the blower. Pegs maybe covered with buckets or plant pots to prevent stubbed toes.

The following Guidelines should be followed: 8ft x 8ft: 3—4 under 8 years old, 10ft x 10 ft: 8 -9 under 10 years old, 12ft x 12ft: 8-10 under 10 years old, 15ft x 15ft: 10— 12 under 14 years old, 15ft x 18ft: 12— 14 under 14 years old or 2—3 adults, 18ft x 18ft and over 15— 18 under 14 years old or 6 — 8 adults. Packing the equipment may result in damage and should not be attempted.

HSE PM 76 Summary

Suppliers/ Erectors Responsibility

It is a condition of the Policy under which the Indemnity is being granted that the following inspection is carried out by the erector and such inspection should include:-

- a) All anchor points are intact and not damaged.
- b) Anchor ropes are not worn or chuffed.
- c) Anchor stakes and their location remain sound for continued use.
- d) The wall to tower fixings are not torn
- e) There are no holes or rips in the surface or seams of the bed and step / front apron.
- f) When fully inflated all walls and towers (when fitted) are firm and upright and the pressure in the bed and step / front apron are sufficient to give a reliable and firm footing.
- g) The blower has no exposed wires or lose bolts, screws etc, and that the mesh guards over the air inlet and outlet are secured and intact.
- h) Electric cable are not worn or chuffed and that plugs, sockets and switches are not damaged.

Hirers/ Supervisors Responsibility

1. Ensure that all users remove their footwear (except socks) and any other hard, sharp or dangerous objects from their persons such as buckles, pens, purses etc. Spectacles are best removed.
2. Not allow anyone to bounce on steps/ front apron.
3. Not allow anyone to climb or hang on the outside wall or do somersaults.
4. Not allow users who are taller than the outside walls when standing on the inflated bouncing surface to use the device.
5. The operators should be proactive and use a whistle or other device and take action al the first sign of any misbehaviour.
6. Ensure that the equipment is not overloaded.
7. Larger or more boisterous children should be segregated from small ones and a number of users at any one time should be limited to that figure which allows each user enough room to play safely.
8. The equipment should never rub or chaff on any object.

Slides

No more than four people allowed at the top (No adults).

No somersaults, vaulting or wall climbing allowed. Not to be used when wet

Sumo Suits

The equipment should only be worn on the safety mats. Helmets should always be used.

Gladiator Duel

This is a game only and over aggressiveness should be avoided.

Spotters should be posted at each open side to help with safety.

The sticks should be held with two hands at the grips and should not be used "sword like".

Tomfoolery and horseplay should not be allowed on this equipment.

Helmets should be worn.

Everything has the potential to be dangerous. Please be safety conscious.
